

Where You Are

Hillsong Young & Free

I lived hard on a wire
Hand in the fire for so long
Please show me better
A new kind of love
It's ever the one I want

I'm lifting you higher, higher
There's nothing that I'd rather do
A sweet elevation of praises
There's no one I love more than You

I never knew a love like this before
The kind of life I could not find on my own
I've seen the world now I have never been so sure
That I want Your heart
God, I just want to be where You are
Where You are
I just want to be where You are

Your love, like nothing I've seen
My wildest of dreams don't come close
Life ain't no better than living like this
I cannot resist You Lord

I'm lifting you higher, higher
There's nothing that I'd rather do
A sweet elevation of praises
There's no one I love more than You

I never knew a love like this before
The kind of life I could not find on my own
I've seen the world now I have never been so sure
That I want Your heart
God, I just want to be where You are
Where You are
I just want to be where You are
Where You are
I just want to be where You are

And after all this time with You by my side

I can't imagine what it'd be like on my own
I've made up my heart, this love is all I've got
And You're the only one worth living for

A sweet elevation of praises
There's no one I love more than You

I never knew a love like this before
The kind of life I could not find on my own
I've seen the world now I have never been so sure

That I want Your heart
God I just want to be where You are

Where You are

I just want to be where You are

Where You are

I just want to be where You are

Where You are

I just want to be where You are
