

# Tennessee Waltz

**Eldee Young & Red Holt**

Well I was dancin' with my baby to the Tennessee Waltz  
When that old friend I happened I happened to see oh yeah  
    I introduced her to my baby  
    And while they were dancin'  
    My friend stole my sweetheart away from me  
    Oh yes he did

I remember the night and that Tennessee Waltz  
Only you know know how much I lost oh yeah  
    You know that I lost my lost my baby  
    That night they kept playing  
    That beautiful Tennessee Waltz oh yeah

I was dancin' with my baby to that Tenne-Tennessee Waltz  
When that old friend I happened I happened to see oh yeah  
    Introduced her to my baby  
    While while they were dancin'  
    Dirty dog stole my baby from me

I remember that night and that Tennessee Waltz  
Only you know just how much how much I have lost  
    You know that I lost my lost my baby  
    That night they kept on playing  
        That beautiful  
        That wonderful  
        That marvelous  
        That glorious  
    That beautiful Tennessee Waltz
