

# Your Shoes

## Taylor Hawkins & The Coattail Riders

I don't wanna take a walk in your shoes  
Cause I can see the living hell you go through  
I know you think they got me .(?)  
But I wouldn't wanna take a walk in your shoesAnd you know (and you know)  
There's no one else to blame  
It's a shame  
but it's true  
And you know (and you know)  
no one else could save yourself but you  
I don't wanna take a walk in your shoes  
Cause everything you're telling me is untrue  
if I were you and you were me  
I'd tell you  
but you wouldn't wanna take a walk in my shoesAnd you know (and you know)  
There's no one else to blame  
It's a shame  
But it's true  
And you know (and you know)  
no one else could save yourself but youAnd you know (and you know)  
There's no one else to blame  
It's a shame  
But it's true  
And you know (and you know)  
no one else could save yourself but you youself but you  
I don't wanna take a walk in your shoes  
I don't wanna take a walk in your shoes  
I don't wanna take a walk in your shoes  
I don't wanna take a walk in your shoes
