

Savior

Iggy Pop

If the saviour came again today,
Would you like him or turn him away,
would he have a girlfriend with a thong,
Or a boy group singing dumbass songs.

Would he be a rapper with a gun,
Or a bugger building steel buns.

If the saviour was crucified to lose

What's the difference ?

get me outta here

get me outta here

get me outta here

get me outta here

watch me walk on water

watch me walk on water

watch me walk on water

before they...

put me in a box

We should have never

Gotten another break,

Praying is an art for it's own sake,

Would he have a pair of Gucci shoes...

With a pitbull

get me outta here

get me outta here

get me outta here

get me outta here

watch me walk on water

watch me walk away on water

watch me walk on water

get me outta here

get me outta here

get me outta here

get me outta here

get me outta here

get me outta here

get me outta here

watch me walk on water

watch me walk away on water

watch me walk on water
