Street Fighting Gang

Saxon

When I went to school
I was nothing but a fool
No good for me
I was living ..?..
Staying out all night
.?.. fight
I got the ..?..
I was tough, I was mean
It was up to me
Street fighting gang
I don't need no
.?..
.?..
.?. fight
When we start to roam
Then you'd better stay home
'Cause I'm a member of the street elite
You know it's .?. to all we meet
It was up to me
Fighting through the night
Doing alright
We might take your life
Street fighting gang
Street fighting gang
... one night
And you're risking your life
I'm sure you'll ..?..
You got a fool in your brain
'Cause I don't give a damn, no
'Cause I don't know you
I'm a member of the street elite
You know it's ... to all we meet
It was up to me
Street fighting gang
Street fighting gang
I'm in a street fighting gang
Street fighting gang
I'm in a gang
