

# So Why So Sad

## Manic Street Preachers

Things get clear when I feel free  
When whatever's next comes easily  
When gentle hands give life to me  
When your eyes fill with tiny tears When I'm this still you are my life  
(When I'm this still you are my life)  
So at ease in the midnight sky  
(So at ease in the midnight sky)  
But my insides will look like war  
(My insides will look like war)  
Paralyzed except through my thought So why so sad? You live and you love  
So why so sad? Dependent on above  
Searching for the Dead Sea Scrolls  
So why, so why so sad? My smile as real as a hyena's  
(My smile as real as a hyena's)  
Burns an expressway to my skull  
(Burns an expressway to my skull)  
But I'll stick myself together again  
Spirit so low that I no longer pretend So why so sad? You live and you love  
So why so sad? Dependent on above  
Searching for the Dead Sea Scrolls  
So why, so why so sad? So why so sad? You live and you love  
So why so sad? Dependent on above  
Searching for the Dead Sea Scrolls  
So why, so why so sad? So why, so why so sad?  
So why, so why so sad?  
So why, so why so sad?
