

Hawthorne

That Dog

Driving
Looking for your parents house
Striving
To find a piece of you And I saw a punk rock show
In a car garage
And I saw you Trying
To be strong for you and myself
I was dying
To get a piece of this And I saw a punk rock show
In a car garage
And I saw you as a child
Visiting while
And I saw you And I saw a punk rock show
In a car garage
And I saw you as a child
Visiting while And I saw a punk rock show
In a car garage
And I saw you A dream come true
A dream come true
A dream come true
A dream come true
A dream come true
My dream come true
