Closer To Myself

Kendall Payne

Digging deep, I feel my conscience burn
I need to know who and what I am
This hunger jolts me from complacency
Rocks me, and makes me meet myselfJacob walked a limp to remind him
of the greater gift of the greater one
When I fell, I fell to my own resources
How can I carry your truths if I can't even crawl to you?I want to feel something sweeter than this sin
Cover me in leaves and roll me over again
Cause I've been everybody else, now I want to be
something closer to myselfPaint me in a different light
Shed me another coat of skin
Mark me with ash until I'm clean again
Cause I'm so sick and tired of being sick and tired
I know I can love you, I know that I canI want to feel something sweeter than this sin
Cover me in leaves and roll me over again
Cause I've been everybody else, now I want to be
something closer to myselfI want to feel something sweeter than this sin
Cover me in leaves and roll me over again
Cause I've been everybody else, now I want to be
something closer to myselfAnd I want to feel something sweeter than this sin
Cover me in leaves and roll me over again
Cause I've been everybody else, now I want to be
something closer to myself
