hellyeah

[unknown]

Fuck the norm, I can?t understand
Live my life by the rules of no one
I am me, that can?t be wrong
I do what I do, when I do, that?s how I like it
Conformity, amputate my soul
Made of stone, smashed the mold
Indifferent, so fuck you all that
Whine, bitch, nag, complain, cry
If ya don?t give a shit, ya getcha hellyeah
Throwin? fists in the pit, ya getcha hellyeah
Think you?re fuckin? with this well, hell no
Balls, volume, strength getcha, come on
Drinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think you?re fuckin? with this well, hell no
Balls, volume, strength getcha, come on
Fuck you all, that won?t understand
Be a man, no more and no less
I?m just me, no matter what you say
I am, who I am , what I am, that?s how I like it
Typical fucking lifeless clones
My attitude, embrace my own
I don?t care, so just walk away and live your
Dull, dead, bland, boring life
If ya don?t give a shit, ya getcha hellyeah
Throwin? fists in the pit, ya getcha hellyeah
Think you?re fuckin? with this, well hell no
Balls, volume, strength getcha, come on
Drinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think you?re fuckin? with this, well hell no
Balls, volume, strength getcha, come on
Don?t give a fuck and don?t think I ever will
For the prim and the proper it?s a shallow jagged pill
Don?t really care if you like me
I just hold up my drink and get my hell, yeah
So point your fingers and throw your stones
I?ll be smokin? and drinkin? and breaking fucking bones
To all you fuckin? people thinking you?re better than me

I hold up my middle finger and give my hellyeah
If ya don?t give a shit, ya getcha hellyeah
Throwin? fists in the pit, ya getcha hellyeah
Think you?re fuckin? with this, well hell no
Balls, volume, strength getcha, come on
Drinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think you?re fuckin? with this, well hell no
Balls, volume, strength getcha, come on
Hellyeah, got your whiskey and weed
Hellyeah, balls, volume and strength
Hellyeah, hellyeah, hellyeah
Hellyeah, hellyeah
