

# Governator

## Green Day

He's at it again and he's gonna win  
Gonna take it for a hell ride anyway  
He's on your side, gonna throw you aside  
And let the vultures pick apart what's left  
Seems like everything was just a fraction of a second from being okay  
So run and hide 'cause we're all gonna die  
And let the vultures pick apart what's left  
I'll be back  
I'll be back  
I'll be back  
He's at it again  
He's at it again  
And it makes great television  
Watching the world end  
He's at it again, he's gonna win  
Gonna take it for a joyride anyway  
You're standing in line, better make up your mind  
And let the bastard pick apart what's left of you  
Seems like everything  
Was just a fraction of a second being a dream  
So run and hide 'cause we're all gonna die  
Let the government decide what's left  
I'll be back  
I'll be back  
I'll be back  
He's at it again  
He's at it again  
And it makes great television  
Watching the world end  
I'll be back  
I'll be back  
I'll be back  
Walk around, I see million possibilities  
Well, I know  
Nowhere to go  
And I can't comprehend  
Things this real seems, so pretend, I know  
I don't know  
But I'll be back  
I'll be back  
I'll be back  
And it makes great television, watching the world end (I'll be back)  
I'll be back  
I'll be back  
And it makes great television, watching the world end (I'll be back)  
I'll be back
