This Month, Day 10

CSS

I am the last person you can call
don't even know how we've met somehow
all begin must lead us into an end
I'll finish this shit this month, day ten
if someday we get to meet again
in a car crash, plane wreck, terrorist attack
or maybe next thursday nite
don't bother saying hi
I'll be rude, I'll be rude, I'll be rude
I'll be rude, I'll be rude, I'll be rude
I'll be rude, I'll be rude, I'll be rude
Only with you
only with youI've got to get up, get high, get outta here
I can't stand the sound you're making lying next to
me
I'm starting to imitate- that's imitation
I'm starting to imitate- that's imitation
This month day ten I wonder if it's going to rain
or maybe who knows
it's gonna be a sunny day
I'm starting to imitate- that's imitation
I'm starting to imitate- that's imitation'll be rude, I'll be rude, I'll be rude
I'll be rude, I'll be rude, I'll be rude
I'll be rude, I'll be rude, I'll be rude
Only with you
only with youI'm gonna tell you what i'll do
I'll break your face in two
I'll spread your teeth and blood all over the
neighborhood
'll be rude, I'll be rude, so rude
I'll be rude, I'll be rude, so rudeI'm gonna tell you what i'll do
I'll break your face in two
I'll break your legs, break you arms, break yourself
in two
I'll break you in ten if i have to
creation is something you don't give much attention
'll be rude, I'll be rude, so rude
I'll be rude, I'll be rude, so rudeso, if someday we get to meet again
in a car crash, plane wreck, terrorist attack

or maybe next thursday nite
don't bother saying hi
I'll be rude, I'll be rude, I'll be rude
I'll be rude, I'll be rude, I'll be rude
I'll be rude, I'll be rude, I'll be rude
Only with you
