All Yours (w/ Gravez)

Ozzie

I been knowing you for long enough
Damn I need you right now
You can take your time, don't have to rush
This might take us a while,
I left all the doors unlocked and you said you're on your way
When you get here don't you say a word, got no time to play

I know you think that you know me
But you ain't even see my dark side
This is for you only
So baby do me right, do me right

We can go all, the time
We can move fast, then rewind
When you put your body on mine
And collide, collide
It could be one of those nights
Where we don't turn off the lights
Wanna see your body on mine
And collide, collide
Baby it's all yours if you want me, all yours if you want me
Put it down if you want me (tonight)
Said it's all yours if you want me,all yours if you want me
Put it down if you want me (Let's collide)

Baby it's all yours if you want me, all yours if you want me
Put it down if you want me (tonight)
Said it's all yours if you want me,all yours if you want me
Put it down if you want me (Let's collide)

I know that this is life when we touch boy
You got my heart
And can't nobody make me feel like you do, boy like you do
(Cause baby we can go)
All the time
We can move fast, then rewind

When you put your body on mine
And collide, collide

It could be one of those nights
Where we don't turn off the lights
Wanna see your body on mine
And collide, collide
Baby it's all yours if you want me, all yours if you want me
Put it down if you want me (tonight)
Said it's all yours if you want me,all yours if you want me
Put it down if you want me (Let's collide)

Baby it's all yours if you want me, all yours if you want me
Put it down if you want me (tonight)
Said it's all yours if you want me,all yours if you want me
Put it down if you want me (Let's collide).ï»¿
