

Saying I Love You

Ruff Endz

Just saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
Ain't nothing gonna stop this love
Ain't nothing gonna
Ain't nothing gonna stop this loveJust saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
Ain't nothing gonna
Ain't nothing gonna stop this loveListen baby
Soul mates from birth
If you were the moon, I'd be the earth
Two people destined to be together
A love so strong, it can't be severedGirl, we can make this from the heart
You feel my every move
You know, I'm thinking about you
With you and only you
I can have piece of mind, that's whyJust saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
Ain't nothing gonna stop this love
Ain't nothing gonna
Ain't nothing gonna stop this loveJust saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
'Cuz baby, you're my everythingI can feel it when I close my eyes
This love of mine, kinda deep inside me
The happiest moment of my life
When you said that you feel the same that I doGirl, you know I, I love you
And I know you love me too
Without any questions, you were here for me
That's why you gotta seeJust saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
Ain't nothing gonna
Ain't nothing gonna stop this loveJust saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
'Cuz baby, you're my everythingYou're the reason why love feels nice to hold

We've got a love tale that's never been told
Too strong to deny, too bold to control
A love that grows from young
Until the days we are old You said someone told you
You only get one true love and if this is true
Girl, I know it's surely you
Girl you know I love you
You know, you've got my trust
But these few words are not enough Just saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
Ain't nothing gonna stop your love
Ain't nothing gonna
Ain't nothing gonna stop your love Just saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
'Cuz baby you're my everything Just saying, I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
