Let It Go

[Beres Hammond](#)

Love is the connection
That join two people together
What a sweet connection
When it's right it will last forever
But if you give it a try
And you can't get a vibes
Take my advice
If your heart's not in it let it go[Chorus]
Stop wasting time
Don't fool yourself it won't grow
Now if you heart's not in it let it go
Stop wasting time, don't fool yourself It won't growIt's not like a game
Where you loose today
And win tomorrow
Use up your brain
You don't want your world
To tumble over
Don't you rush in
Cause you'll never win
Take my advice
If your hearts not in it let it go[Chorus...]
