

I Wanna Touch You

Def Leppard

I wanna touch you
Till we're stuck like glue
I wanna touch you, yeah I get high on you
I'm on fire over you
And I can't let you go, I can't let you go I got love on the rise and I burn like a fire
Got my eye on the prize, got love in my sights
And I can't let you go, I can't let you go Give me no reasons, give me no rhymes
Give me that feelin' all of the time I wanna touch you
Till we're stuck like glue
I wanna touch you, yeah
Baby, that is true I wanna touch you
Nobody else will do, no
I wanna touch you
'Cos a little too much
Could never be enough, no I get wired on you and I thrill to your touch
Yeah, I excite over you, can't stop this landslide of love
No no I can't let you go, I can't let you go, oh Give me no reasons, give me no rhymes
Give me that feelin' all of the time I wanna touch you
Till we're stuck like glue
I wanna touch you, yeah
Baby, that is true I wanna touch you
Nobody else will do, no
I wanna touch you
'Cos a little too much
Could never be enough, never be enough, no Yeah, yeah
Give me no reasons, give me no rhymes
Give me that feelin' all of the time I wanna touch you
Nobody else will do
I wanna touch you
I wanna touch you I wanna touch you
Till we're stuck like glue
I wanna touch you
Yeah, baby that is true I wanna touch you
Nobody else but you, baby
I wanna touch you
Till we get enough I wanna touch you
Yeah baby let's go ride
I wanna touch you
Baby, you excite I wanna touch, touch you

'Cos a little too much
Could never be enough, now
