

Let It Be

Gotthard

Advisory - the following lyrics contain explicit language:

Don't know who's to blame
Don't know who was wrong
Love has died too soon
After all had just begun
Something in your eyes
Tells me you still care
Oh baby i swear Deep inside my heart
Deep inside my soul
Something tells me I can't let you go
Saw it in your eyes
Last time when we met
I will never forget How can you say
Our love is gonna last forever
How can you go
With this empty broken heart
Of mine Let it be, let it be
Love's like a gun on me
Let it be, let it be
Like a bag of broken glass
I was killed in the name of love You never see it comin'
Doesn't tell you when it goes
Think it's gettin' near
Suddenly it's gone
Dirty little game
Don't even know your name
You just wouldn't say Did you ever worried
Askin' maybe please
Knew you couldn't take it
I would get on my knees
Searching for way out
But there ain't no doubt
It's like goin' blind... get down on my knees for you How can you say

You love me but it's better
This way
If you don't need it anymore
I'm drowning down like
Never before
