

# More

Clare Dunn

More Saturday nights with a solid gold song  
Dashboard jukebox all night long  
Kisses in the dark, mmh  
More Sunday drives with the windows dropped  
Making country miles out of city blocks  
Middle seat in your arms More hours in the day  
More time that I could stay  
Closest I could get to you More than our words could ever say  
More than you know you are worth the waiting  
I couldn't be more sure  
That I couldn't love you, couldn't love you  
More than I do right in this moment  
More than I live, all that I know is  
Now and forever, no one's ever  
Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love you more More good red wine and a paper cut  
Hanging on the couch, baby staying up  
Doesn't matter what movie's on, yeah  
More dancing shadows on a bedroom wall  
Letting everything fall where it falls  
Taking all night long, yeah More hours in the day  
More time that I could stay  
Closest I could get to you  
More than our words could ever say  
More than you know you are worth the waiting  
I couldn't be more sure  
That I couldn't love you, couldn't love you  
More than I do right in this moment  
More than I live, all that I know is  
Now and forever, no one's ever Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love you more No matter how many years we get  
I will always want, I will always want  
No matter how many senses

I will always want, I will always want  
I will always want more More than our words could ever say  
More than you know you are worth the waiting  
I couldn't be more sure  
That I couldn't love you, couldn't love you  
More than I do right in this moment  
More than I live, all that I know is  
Now and forever, no one's ever Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love, gonna love, gonna love  
Gonna love you more (No one)  
Gonna love you more
