

Don't Do Me No Favours

James Hunter

Y'know I fell on hard times
 Bad luck fell on me
 Pay day fell on Friday
And that's a distant memory
 But don't do me no favors
Just you let me live and learn
 Don't you do me no favors
 That I can't do in return
 Na, na, na

Save your good intentions
For someone you can trust
'Cos once you hand it over
You won't see me for dust
 So don't do me no favors
Just you let me live & learn
I said don't you do me no favors
 That I can't do in return
 Na, na , na, hey!

I never made a promise
 Unless it could be kept
 Appreciate your offer
 But afraid I can't accept
Put your hand back in your pocket
I got my pride you know
And if I put my hand out
It was just to say hello
 Na, na, na, hey!

[Repeat: 2X]
So don't do me no favors
Just you let me live and learn
 Don't you do me no favors
 Well that I can't do in return

Na, na, na , hey!
