

Sit Ups

Jude

Do I have to do sit ups
If I wanna be a rock star?
Do I have to make millions
If I wanna be free? Should I come with a cliché?
Should I hide in a big car?
You say the money doesn't matter
Well, let's check and see 'Cause you look sexy, you look fine
How I wish that you were mine
You look sexy, you look hot
Is that really all we've got?
In the end you pretend
You're my friend but you're not Tell me that I'm gonna be
The king of the world
I know it's never gonna happen
But if you could be mine I will wake in the morning
And I'll look at your beautiful face
I know it's gonna be a wonderful day Did you wanna be a hooker?
Or did you wanna be a model?
Well, did you wanna be famous?
Did you wanna be free? I can see that you're a looker
But keep your love in a bottle
And your skimpy clothes
They go a long, long way with me, with me, with me You look sexy, you look fine
How I wish that you were mine
You look sexy, you look hot
Is that really all we've got?
In the end, we pretend
'Cause I don't wanna stop Tell me that I'm gonna be
The king of the world
I know it's never gonna happen
But if you could be mine I will wake in the morning
And I'll look at your beautiful face
I know it's gonna be a wonderful day Through the smog the sky is blue
And angels all were sinners too
And baby, I'll be good to you
If you tell me what you want I'm gonna do that to you Everybody wants to be
The king of the world
I know it's never going to happen
But if you could be mine I will wake in the morning

And I'll look at your beautiful face
It's gonna be a wonderful dayIt's gonna be a wonderful day
(Look at your beautiful face)
It's gonna be a wonderful day
(Look at your beautiful face)It's gonna be a wonderful day
(Look at your beautiful face)
It's gonna be a wonderful day
(Look at your beautiful face)Gonna be a wonderful
Gonna be a wonderful day
It's gonna be a wonderful dayEveryday I make it with my baby
Everyday I make it with my baby
