Round and Round

Strawbs

I drew the blade across my wrist E DTo see how it would feelA E DLooked into the futureA E DThere was nothing to reveal D EFor we were just the product D EOf the ever spinning wheel...D E ARound and round we go...Come and see meWhen the screw has turned another turnIt's not that I'm confusedI have an awful lot to learnBut I will be the oneTo make you work for what you earnRound and round we go...After allIt's just the revolution I despiseThe dawn of revelationsAnd the flower power prizeI pity those poor childrenWith no sunshine in their eyesRound and round we go...
