

Incredible Machine

Sugarland

Feels like I'm flying
Wings made of light
Brand new and shinin'
Like a shot rung out through the night
A heart that beats
An incredible machine
Made of blood and love
And hope and lust and steam
Calling
Calling
Calling
Feels like I'm floating
Weightless in flight
Planets exploding
As the soul and gravity fight
A heart that beats
An incredible machine

Made of blood and love
And hope and lust and steam
Calling
Calling
Calling
Lifted higher, mercury skies above
Calling
Water fire burning a sign of love
A heart that beats
An incredible machine
Made of blood and love
And hope and lust and steam
Calling
Calling
Calling
Calling
