

Something Going Wrong

Chickenfoot

Summer gonna bring big fire
Summer gonna bring big fire
Water gonna bring big rain
Water gonna bring big rain Oh I, I got a feelin'
Something's goin' on
I got a feelin'
Something's goin' wrong
Something's goin' wrong Something's in the air
My baby can't breathe the air
Ground gonna tremble and shake
Cold gonna bring big quake Oh I, I got a feelin'
Something's goin' on
I got a feelin'
Something's goin' wrong I'm gonna buy myself an ark
That goes seven, seven, seven
And we'll win that solar power
I'm gonna ride my way to heaven Somebody got a-left behind
Who'll be the next in line? Oh I, I got a feelin'
Something's goin' on
I, I got a feelin'
Something's goin' wrong
I, I got a feelin'
Something's goin' wrong
Oh, I, I got a feelin'
Something's goin' wrong
Something's goin' wrong (I got a feelin', I got a feelin')
