films will come and films will go
that kiss on your neck wont showposing at the same place everytime
we'd be steping this weekend in the sunshinewatching tv at 4am, thats not when she needs a friend
staring at the bathroom floor
please dont say you've got to goposing at the same place to put things right
we'd be realizing we'd be meeting in the morning lightyou've done it again, you've done it before
that kiss on your neck wont showwatching tv at 4am, thats not when she needs a friend
staring at the bathroom floor
please dont say you've got to gowatching tv at 4am, thats not when she needs a friend
loose change from your pocket on the floor
please dont say you've got to gocheap thrills that this time like last
cheap thrills that you'll dream aboutyou've done it again, you've done it before
that kiss on your neck wont showwatching tv at 4am, thats not when she needs a friend
staring at the bathroom floor
