

# Superlove

## The Funky Lowlives

I want you  
All of you  
Can we break through  
And start a new  
I want your superlove  
I wanna be inside your superlove  
I need the spirit with the sexual  
I wanna be inside your superlove  
We both know  
The way to go

Let's take a chance  
It's our last dance  
I want your superlove  
I wanna be inside your superlove  
I need the spirit with the sexual  
I wanna be inside your superlove  
I want your superlove  
I wanna be inside your superlove  
I need the spirit with the sexual  
I wanna be inside your superlove
