

Spark of Love

Blue Magic

You still love me, I still wonder
I had the time to think about it, I tried to do my number
Oh I can't go on by myself, I can't go on by myself

Think I'll sit stop and hold your hand if it's OK with you
Till you start to wonder, did you hear the thunder
Think I'll make me some plans and just look at you
Move a little closer

(Spark of love has touched me)
I can't break away
(Spark of love has touched me)
I'll be so good to you (this time)
Spark of love, Spark of love
Spark of love has touched me
With love...

And I said...
I think that we should go away
(I think that we should be together)
I think that we should go away
(You and me Hey Say Hey)
Spark of love has touched me
(I'll do every thing to keep you)
I'm in love

You say hey

You still love me, sure do need ya
Don't leave me by myself, cause I want to keep ya
So I don't go on my myself, I can't go on by myself

Must have gone through my head, there's no one like you
And you don't even know it, Trust in me
If I conquer the world I give it all to you
And won't you let me show it.

(Spark of love has touched me)
I can't break away
(Spark of love has touched me)

I'll be so good to you (this time)
Spark of love, Spark of love
Spark of love has touched me
With love...

(And I said...)
I think that we should go away
(I think that we should be together)
I think that we should go away
(You and me You and me Hey, Say Hey)
Spark of love has touched me
(Cause there's nothing that is ____)
I'm in love

I think that we should go away
(Don't you know that I am in love with you)
I think that we should go away
(No one no one can take your place, Hey)
Spark of love has touched me
(Ohh...)
I'm in love

(I said)
I think that we should go away
(I think that we should go away)
I think that we should go away
(You and me ____ Hey, Say Hey)
Spark of love has touched me
