# Unpredictable

## Sundials

Got my thoughts, I got my words
Got this head full of answers
Got You wrapped up
Got You under control
See my future like the past behind me
I think I know where You're leading
Don't need no questions
Don't need no rocking the boat
But I just forget all the mystery
I just forget who You are
When I know that I know
What You have down the road
When I'm sure that
I've figured You out
Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable
'Cause You're so unpredictable
You said the foolish
Would shame the wise
To put my faith
In what's beyond my eyes
And to believe You
I have to come as a child
So help me to rest in the mystery
Of what I can't understand
When I know that I know
What You have down the road
When I'm sure that
I've figured You out
Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable
Can't wrap my mind around You
Can't put You in a box
Can't keep You safely contained, no
You're gonna move the way
You wanna move today
Just let me follow along

When I know that I know
What You have down the road
When I'm sure that
I've figured You out
Help me see that I'm small
That I can't know it all
When I know that I know
What You have down the road
When I'm sure that
I've figured You out
Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable
'Cause You're so unpredictable
You're unpredictable
