

# Unpredictable

## Sundials

Got my thoughts, I got my words  
Got this head full of answers  
    Got You wrapped up  
    Got You under control  
See my future like the past behind me  
I think I know where You're leading  
    Don't need no questions  
    Don't need no rocking the boat  
    But I just forget all the mystery  
    I just forget who You are  
    When I know that I know  
What You have down the road  
    When I'm sure that  
    I've figured You out  
    Help me see that I'm small  
    That I can't know it all  
'Cause You're so unpredictable  
'Cause You're so unpredictable  
    You said the foolish  
    Would shame the wise  
    To put my faith  
    In what's beyond my eyes  
    And to believe You  
    I have to come as a child  
So help me to rest in the mystery  
    Of what I can't understand  
    When I know that I know  
What You have down the road  
    When I'm sure that  
    I've figured You out  
    Help me see that I'm small  
    That I can't know it all  
'Cause You're so unpredictable  
Can't wrap my mind around You  
    Can't put You in a box  
Can't keep You safely contained, no  
    You're gonna move the way  
    You wanna move today  
    Just let me follow along

When I know that I know  
What You have down the road  
When I'm sure that  
I've figured You out  
Help me see that I'm small  
That I can't know it all  
When I know that I know  
What You have down the road  
When I'm sure that  
I've figured You out  
Help me see that I'm small  
That I can't know it all  
'Cause You're so unpredictable  
'Cause You're so unpredictable  
You're unpredictable
