

# Lover

## De La Ghetto

hey hey,ayyy

Excuse me shorty  
got something to say  
just tell your man  
things have changed  
he can love you  
but I'm your lover  
on the low  
but nobody has to know

I know you got a man  
but it dont stop  
out front follow me  
until we qet to the spot  
I love it when u qet on top  
I'm yo lover, he can treat like  
he loves you but you know that  
I'm your lover  
i could fuck you like no other  
thats why I'm your undercover

I'm your lover(I'm your lover)  
I'm your lover girl  
I'm your lover(I'm your lover)  
he cant do you like me  
I'm your lover(I'm your lover)  
let me show you what I mean  
I'm your lover(I'm your lover)  
I'm your lover!!

And there you are  
sitting all alone(so bored)  
When your man is working late  
who do you call?  
(you call me!)  
Yo body be sexy, feenin for me girl  
And nobody can put it down like me girl

I know you got a man

but it dont stop  
out front follow me  
until we get to the spot  
I love it when you get on top  
I'm your lover, he can treat like  
he loves but you know that  
I'm your lover  
I could fuck you like no other  
thats why im your undercover

I'm your lover(I'm your lover)  
I'm your lover girl  
I'm your lover(I'm your lover)  
he cant do you like me  
I'm your lover(I'm your lover)  
let me show you what I mean  
I'm your lover(I'm your lover)  
I'm your lover!!

I'm your lover!!  
He can be your man  
but he cant do you like I can  
Ohh baby  
(under cover) he can be your man  
but he cant do it like I can thats why ...

I'm your lover(I'm your lover)  
I'm your lover girl  
I'm your lover(I'm your lover)  
he cant do you like me  
I'm your lover(I'm your lover)  
let me show you what I mean  
I'm your lover(I'm your lover)  
im your lover!!

I know you got a man  
but it dont stop  
out front follow me  
until we get to the spot  
I love it when you get on top  
I'm your lover, he can treat like  
he loves but you know that  
I'm your lover  
I could fuck you like no other  
thats why im your undercover

I'm your lover,lover,lover(I'm your undercover)  
I'm your lover,lover,lover(I'm your undercover)  
I'm your lover,lover,lover(I'm your undercover)  
I'm your lover
