All the Way

Vandenberg

I should have believed what they said, now it's too late to go back
This didn't turn out like I planned, seems I gotta go on 'til the end
Now two cops are killed by my gun, oh-oh-oh, this place is hot, gotta run
A price on my head, my picture's all over the place
It ain't my turn yet so I'll win this race
Chorus:
Goin' all the way, I'm goin' all the way
Reached the point where there ain't no way back
Goin' all the way, gotta go all the way, I'm in this right up to my neck
This just isn't my kind of life, no no, but in movies it always seems so fine
There crooks always pull hot women
But all I have pulled, all I have pulled is the trigger, oh-oh
A price on my head, my picture's all over the place
It ain't my turn yet so I'll win this race
(chorus)
It ain't my turn yet so I'll win this race
Reached the point where there ain't no way back
Goin' all the way, gotta go all the way, I'm in this right up to my neck
Goin' all the way, I'm goin' all the way
Reached the point where there ain't no way back - all the way!
