

# Ready When You Are

## Trapt

Are you having trouble keeping up  
Seeing this thing through?  
I want to know who you're running from  
Me or you? You're too confused to open up  
Feel the way I do  
I want to know who you're thinking of  
Cause I really have no clue Another game of charades  
Don't you know everybody plays?  
I don't want to lose to you that way  
Maybe we'll be different this time around  
Maybe we'll be different I don't know  
Don't want to strangle this so I'm holding back for now Calm down, don't take it too far  
I know only time can heal scars  
So I'm ready when you are, when you are  
I'm ready when you are Don't want any false starts  
I can do without the time apart  
So I'm ready when you are, when you are  
I'm ready when you are Are you having trouble keeping up?  
You know that I will wait  
I wonder if it's good enough  
To make you stay You're too confused to open up  
You don't know what to say  
Well, you can tell me if you think it's love  
I won't be far away Another game of charades  
Don't you know everybody plays?  
I don't want to lose to you that way  
Maybe we'll be different this time around  
Maybe we'll be different I don't know  
Don't want to strangle this so I'm holding back for now Calm down, don't take it too far  
I know only time can heal scars  
So I'm ready when you are, when you are  
I'm ready when you are Tied down, don't want any false starts  
I can do without the time apart  
So I'm ready when you are, when you are  
I'm ready when you are I want to know  
If you're thinking of me  
I'll be counting the hours  
Even though I know I'm free Too soon to take a chance  
No more questions left to ask

I could be anything, but the one thing  
I'm not sure you want to beCalm down, don't take it too far  
I know only time can heal scars  
So I'm ready when you are, when you are  
I'm ready when you areDon't want any false starts  
I can do without the time apart  
So I'm ready when you are, when you are  
I'm ready when you areCalm down, don't take it too far  
I know only time can heal scars  
So I'm ready when you are, when you are  
I'm ready when you areCalm down, don't want any false starts  
I can do without the time apart  
So I'm ready when you are, when you are  
I'm ready when you areCalm down  
I'm ready when you are  
Calm down  
I'm ready when you areCalm down  
I'm ready when you are  
Calm down  
I'm ready when you are
