Gaucho

Javelin

With fire to keep us warm
And tools we made from rocks and bones
A roof over your head
And walls to keep you safe in bed
There must be more than this
So god was born and we in his
Image of fear and love
Looked down upon from up above
We gotta do much more than believe if we really wanna change things
We gotta do much more than believe if we wanna see the world change
We crossed the oceans wide
Built cities to the sky (oh lord)
Looked up and we were flying
But will we not survive ourselves
We gotta do much more than believe if wanna see the world change
We gotta do much more than believe if we really wanna change things
We gotta do much more than believe, go on try it, go on try it
We gotta do much more than believe if we wanna see the world change
What will I say to baby?

Let me show you a movie
You know we landed a man on the moon?
Now you could never believe it
Yea we could do anything
We flew to the stars and back
Down to the ground hard
Please wake up
Please wake up
Please wake up
We gotta do much more than believe if we really wanna change things
We gotta do much more than believe, go on try it, go on try it
We gotta do much more than believe if we really wanna change things
We gotta do much more than believe, go on try it, go on try it
We gotta do much more than believe if we wanna see the world change
Oh, my little baby
I'll show you this movie
You know we landed a man on the moon?
I know its hard to imagine
But we could do anything

Under the stars
