

Waste Myself

This Providence

Oh we could lie beneath the stars and watch ourselves in passing cars
From the roof of this prison, yeah.
Oh we could make this moment ours and I could hold you, touch your scars
Can't believe that I have you, yeah.

(Chorus) I said
You, I waste myself on you
I'd do anything for you
Yeah, I waste myself on you
Yeah.

Like a feather in a hurricane
you're sweeping through my brain
Oh I can't seem to find hope in this situation, love
Oh so I tremble like an earthquake
Your tears are heavy rain
Drown my soul in apathy like a flood, love
Singin now.

(Chorus)

(X2) You set me on fire
Now we're walkin on a wire baby, a wire baby

(Chorus)
