

Good Girls

Joe

Baby girl, alright
I gotta find me a girl
Whoa oh
Alright now Sunshine from the first time that we met
Helpless you took my heart, I must confess
Deep in your eyes there seemed to be a look that said
Hello, is it me you're searching for? Suddenly my sunshine turn to rain
I dunno if it'll ever come back again
That's what you are sunshine and rain
You didn't say you had a man
That never belonged within your plans
And it hurts so bad, someone tell me Why are all the good girls, taken every time?
And why do I keep falling for someone else's dime?
Every time I says, "Hello", then they say, "Goodbye"
So, why are all you good girls taken every time, taken every time? Dancing with your body close to mine
Then you kiss my lips girl, girl I thought it was a sign
I want you forever but good intentions never win
I've got that feeling tonight I'll be alone again Suddenly my sunshine turned to rain
I dunno if it'll ever come back again
That's what you are sunshine and rain
You didn't say you had a man
That never belonged within your plans
And it hurts so bad someone tell me Why are all the good girls, taken every time?
And why do I keep falling for someone else's dime?
Every time I says, "Hello", then they say, "Goodbye"
So, why are all you good girls taken every time? Why are all the good girls, taken every time?
And why do I keep falling for someone else's dime?
Every time I says, "Hello", then they say, "Goodbye"
So, why are all you good girls taken every time? I gotta believe there's a Rony for me somewhere in this world
I'm not gonna stop, gonna search till I drop, till I find that girl
I gotta believe there's an Rony for me somewhere in this world
I'm not gonna stop, gonna search till I drop, till I find that girl Why are all the good girls, taken every time?
And why do I keep falling for someone else's dime?
Every time I says, "Hello", then they say, "Goodbye"
So, why are all you good girls taken every time? Why are all the good girls, taken every time?
And why do I keep falling for someone else's dime?
Every time I says, "Hello", then they say, "Goodbye"
So, why are all you good girls taken every time?
