Black Seeds

Living Sacrifice

Beauty blessed, all confess, undenied
Except inside, black seeds of jealousy
Forced inside, forced insideAt such a tender age
Irreparable psychosis set in motion
Joy of life, joy of love
Sucked out by the words ofYour worlds colliding
Your worlds collidingThere's a blackness inside
Manifest itself, hate and pride
Dispelled by God's love
Overtime, forgiveness, the wall mirror liesConditioning seeds of jealousy
Dispelled by God's love
Peace becomes real to meThis blackness inside
Manifest itself, manifest itself
Dispelled by God's love
Overtime, forgiveness
