

Beautiful Emptiness

After Forever

You're the worst of all,
With all your accusations and compunction
I can't suffer this duress,
From someone so depraved and selfish
You embody all that I've been through
Without you I am sure I will be loved
My existence conforms to your distress
Your ambition, the cause of mine
A disruption, I'm nothing, even less
Misfortunes never come singly and I was there to stay
You don't allow me a single place,
Nor any love into your lives
An unperceived, annoying presence you'd rather ignore
But in my life you know you'll leave... a beautiful emptiness
Where you used to be
Impotent screams will turn
Into the love of silence
My liberation, then silence,
Will be perfect and pure
It's all in my dreams,
I'll remove you
And all our mutual disgust
In my dreams,
I solve the problem by removing it
My wish is to see you grovel,
Like you once forced me to
There's no other way, here's my course of life
A path without the sickening trace of you
I need the beauty of a cleared, pure world
This eternal interruption of your rash life can save me
You don't allow me a single place,
Nor any love into your lives
An unperceived, annoying presence you'd rather ignore
But in my life you know you'll leave... a beautiful emptiness
It's sad to feel you don't believe in love,
It's sad that you're so cold
And I'll be the same,
If you keep on poisoning my life
Drowning in self-sacrificing visions
When you're gone, then we will all be released
It's sad my life has been like hell so far,
It's sad that you're the cause
And I'll be cured in this beautiful, empty world
Floating, floating away with your perilous visions and hate
When you're gone, silence will fill up the emptiness
When you're gone, we all will be released
In my dreams I
shall rinse my body and soul
My wish,

The accomplishment lies here before me in my hands
I will be released from your accusing eyes
And torrents of verbal abuse
You'll know the causes are your own mistakes
While life flows out of you
and exempts me forever!
