

# Rebound (Acoustic)

## Sebadoh

Heart-broken and attractive  
A sad, sloppy mess  
Lookin' for approval  
And easily impressed Beware they say, but why would I listen?  
I need to know what I've been missin'  
I'm no one you can trust  
All little boy lonely with curious lust Confusion turns me upside down  
Lost as quickly as I'm found  
But soon enough it turns around  
On the rebound Call it fate or true love  
Never forced romance  
Fell into a new love  
Maybe perfect love by chance Beware they say, but why would I listen  
When it feels this good?  
No one lives their life  
Doing all the things they say they should Confusion turns me upside down  
Lost as quickly as I'm found  
But soon enough it turns around  
On the rebound, on the rebound  
On the rebound, on the rebound
