Back Porch

The County Fair

I wanna rock right now
Looking for a spot that's hot to get down
Ain't no stopping this grande
Do sometime that break it down (?)
Hey, it's a party on the back porch
I'm gonna take you to the back door
Gonna drink till ain't no more
It's a party on the back porch
It's a party on the back porch
I'm gonna take you to the back door
Gonna drink till ain't no more
It's a party on the back porch
I wanna rock right now
Looking for a spot that's hot to get down
Ain't no stopping this grande
Do sometime that break it down (?)
I wanna rock right now
Looking for a spot that's hot to get down
Looking for a night that's gonna be worth
Busting on the shelltow and doing the smurf
Ain't stopping this grande
I ain't even mind it
If you put your lips on my timming
Hands fly to the sky
Swinging so high
Up to the silver lining
Fresh dressed like a million bucks
Tiki baseball cap you know what's up

Inside it's the claustrophobic
If I'm gonna flow it I need room to through it
Follow me to the place to be
On the back porch with the symphony
1, 2, 3 let's go, follow me, follow me
Hey, it's a party on the back porch
I'm gonna take you to the back door
Gonna drink till ain't no more
It's a party on the back porch
It's a party on the back porch

I'm gonna take you to the back door
Gonna drink till ain't no more
It's a party on the back porch
[...MISSING...]Hey, it's a party on the back porch
I'm gonna take you to the back door
Gonna drink till ain't no more
It's a party on the back porch
It's a party on the back porch
I'm gonna take you to the back door
Gonna drink till ain't no more
It's a party on the back porch
I wanna rock right now
Looking for a spot that's hot to get down
Ain't no stopping this grande
Do sometime that break it down (?)
