

# Weight Of My Tears

Dondria

my tears weigh a ton, im so done  
heart heavy, what was 2 is now 1  
i bet he aint got a clue what im going through  
why he let her tear us up, put our love through a shredder  
and ive been feeling like a fool  
coz i ignored the signs of the truth and now  
im supposed to start over a new and i  
gave up everything for you  
ive been hurt before  
but this time its different and i dont know  
if im able to repair what has been broke  
coz im down and my tears, my heart is so heavy  
weight of my tears  
weight of my tears  
weight of my tears  
weight of my tears  
im drowning in here  
drowning in here  
somebody help me hold on  
weight of my tears  
memories of you and me on replay got me messed up  
my tears burn like lava and they wont stop  
everydrop shakes the earth  
the pain that you let me in, boy i dont deserve this  
and ive been feeling like a fool  
coz i ignored the signs of the truth and now  
im supposed to start over a new and i  
gave up everything for you  
  
ive been hurt before  
but this time its different and i dont know  
if im able to repair what has been broke  
coz im down and my tears, my heart is so heavy  
weight of my tears  
weight of my tears  
weight of my tears  
weight of my tears  
im drowning in here  
drowning in here

somebody help me hold on  
weight of my tears  
so heavy, what am i supposed to do  
i gave all of me to you now im empty  
so heavy, i wish i had of known that your loving was a joke boy you got me  
so heavy, what am i supposed to do  
i gave all of me to you now im empty  
so heavy, i wish i had of known that your loving was a joke boy you got me  
ive been hurt before  
but this time its different and i dont know  
if im able to repair what has been broke  
coz im down and my tears, my heart is so heavy  
weight of my tears  
weight of my tears  
weight of my tears  
weight of my tears  
im drowning in here  
drowning in here  
somebody help me hold on  
weight of my tears
