

Veil of Elysium (Instrumental)

Kamelot

Hear my promise of blistering light
Sowing a rose of obsidian
My dear I promise death comes to all
In a heart beat
Only silence Let's play with the fire that runs in our veins
Trust in the light of a miracle
Now winter has come
And I stand in the snow
I don't feel the cold And I know it is all that I will ever need
To believe... One day I know we will meet again
In the shade of a life to die for
Watching the world through the eyes of a child
In elysium
Will I know you then...? Now bring down your fortress and swallow your pride
Don't break in your moments of ignorance
Existence will capture the spark of life
Just a fragment... But it's all that I will ever need
To revive... One day I know we will meet again
In the shade of a life to die for
Watching the world through the eyes of a child
In elysium
Will I know you then...? Will I find you there in that darkness
Of the shadow that comes over all
Dear friend, will I know you then?
Will I know you then at all? One day I know we will meet again
In the shade of a life to die for
Watching the world through the eyes of a child
In elysium
Will I know you then?
Will I know you then...?
