[4Lyn](#)

Visions blurred, but crystal clear.
So far away seems so near.
Unsaid words, I've said em all,
But only to myself when I crawl. All the situations and little things you said.
All the precious moments, moments that we had.
Nothing feels like it felt before.
I tried so hard, but I can't let go! Chorus
I tell you all the things I never told you.
I give up everything to spend another day with you.
I'd throw it all away just to hold you.
For one word from you, one look from you.
Love's a charge through razor-wire.
In No-Man's-Land under heavy fire.
I swore to protect you, from all enemies?
-Ladies and gents I'm here to present-
The leftovers you see. All the situations and little things you said.
All the precious moments, moments that we had.
Nothing feels like it felt before.
I tried so hard, but I can't let go! Chorus
I tell you all the things I never told you.
I give up everything to spend another day with you.
I'd throw it all away just to hold you.
For one word from you, one look from you. I sing all the songs everybody else sings.
I sing all the songs everybody else sings.
And in all of my songs
I tell you all the things that I never told you
Chorus
I tell you all the things I never told you.
I give up everything to spend another day with you.
I'd throw it all away just to hold you.
For one word from you, one look from you.
