

# Saw a Gangsta Cry

Andre Nickatina

the way some cats they get they cash  
fuck around have a gun in your face  
tied up and they whoopin your ass  
man, most cats they dont play  
cause their moms get high  
i can still recall the day i saw a gangsta cryman under the hot sun young cats they buck with hot guns fat ones  
man if you sellin this you better know the consequence shit  
walk just like army ants yeah man let me borrow that  
please homeboy dont be no snitch  
put this business before that fine bitch  
here go a classic tale a mother fucker just got out of jail  
slipped up on some major mail then went back to jail on major bail yoman most cats they dont play cause their  
mom get high  
i can still recall the day i saw a gangsta crydont be no perpetrator  
fuck around be on a respirator  
goin' up to heaven on a escalator  
cause they sent you to hell on a elevator yo  
right in front of corner stores with the .45 slugs  
some might say theres unity  
but there aint no love  
crack a smile like a beer bottle  
dont worry about the bullet cause it feels hollow  
keep your foot on the gas throttle  
these mother fuckers aint no role models  
blow your mind with an evil disguise  
wiggin this nigga right in front of your eyes  
where he got shot thats where he lies  
layin there dead with open eyes  
blow you over on a street corner  
its all about that b soda  
breaking arms and shoulders  
cause this drama is thick as quotas  
they busted you and you bust back  
and just like a whip u gonna snap back  
how they gonna fuck with you fuck that  
kill them all so they dont come back  
mind state  
crime rate  
hell waits but jail baits

man if you make a mistake dont even wait  
but mother fucker get up outta my face  
its a dirty loss for a dirty game  
so mother fucker its a dirty shame i saw a gangsta cry i saw a gangsta cry i saw a gangsta cry i saw a gangsta cry it  
was a trip when i first saw a gangsta cry  
didnt know didnt ask didnt wonder why  
it was a trip when i first saw a gangsta cry  
didnt know didnt ask didnt wonder why indistructable fuck with a nigga  
busted slow ten years seven digits
