No Room to Bleed

Ben Lee

Caught in the deep
Waiting for a sign
I couldn't keep the flowers on my pillow
Alive
Falling asleep, with half of an eye
I want to see the lights of San Francisco
At night
Wait but I won't say that I'm sorry
Watch as I burn my bridges down
And all the time I kept it inside
You leave me no room to bleed
Close to the chest and near to the ground
It's for the best of all the flood gates around me
Lie down
If all that you see has left you unchanged
What did you mean when you said that I was bleeding
In vain
Wait, and I'm living underwater
Watch while I burn my bridges down
The words that I say and the hurt goes away
you leave me no room to bleed
But somewhere inside I'm still on the line
You leave me no room to bleed
Wait on the landscape that I'm breaking
Watch as I burn my bridges down
And I've tried to run but now is my time
You leave me no room to bleed
You leave me no room to bleed
