Your Peace (feat. Lil Baby)

Jacquees

SKNot into wasting timeI was just doing fine
Should I find something new?
Or should I be tripping on you? (What?)
These decisions ain't easy (Nah)
Believe me, I know it's hard to read me (What?)
And I know these girls are getting greedy
'Cause I can't find one that knows how to treat a man (Uh-huh)
I'm just really tryna understand (What? Come on, yeah)
Who really tryna know who I am (Talk to 'em, yeah)
'Cause right now, I can't even trust my friends
I'm tryna live my life right, right, right, right
(That's all I'm tryna do, yeah, yeah)
Won't you to be my peace?
My peace, my peace (Come on, come on)
Why we taking time, time, time, time? (What? Why we?)
When I could be your peace, when I could be (What? Why we?)
Now, please don't make me wait, wait (Please don't)
I'm going out my way, way (I'm going out my way)
I won't make you wait, wait (Nah, never)
They couldn't take your place, place (Woo)
Please don't make me wait, wait
I'm going out my way, way
I wouldn't make you wait, wait (Nah, nah)
They couldn't take your place, place, no
Everything I get, you get a peace
(Get a peace)
Why can't you sit back and be my peace?
(Be my peace)
Neck was looking dry, bought a piece
(It's on fleek)
Complaining 'bout her smile, I bought her teeth
(Bought her teeth)
She can buy her own Benz, I bought her three
(Bought her three)
Something 'bout her swag, she like to fuck to Carter 3 (Oh)
Relationship goals on them hoes, Jay and Bey
Every little secret that we got, I'ma keep (Oh)So much on my mind
I need to unwind
Can you do that for me, baby?

Yeah (What? What?)I'm just tryna find a woman that shines
(What? Yeah, come on, yeah)
In the dark and the light (Right)
And I know she's mine (Come Que, yeah)
And I know you ain't seen (Nah)
A young nigga like me (One of a kind)
So let me know if you with me (Yeah)
'Cause I'm just tryna live my lifeI'm tryna live my life right, right, right, right
(What? Woo, what? Yeah)
Won't you to be my peace?
My peace, my peace
(Come on, yeah, yeah, come on)
Why we taking time, time, time, time? (What? Why we?)
When I could be your peace (What? Why we?)
Now, please don't make me wait, wait (Please)
I'm going out my way, way
(I'm going out my way)
I won't make you wait, wait (Nah, never)
They couldn't take your place, place (Woo)
Please don't make me wait, wait (Right, right)
I'm going out my way, way (Going out my way)
I wouldn't make you wait, wait (Nah, nah)
They couldn't take your place, place, baby
