Coup D'Etat

Circle Jerks

Coup d'Etat! Coup d'Etat!
Coup d'Etat
Coup d'Etat
Coup d'Etat

The government gets overthrown
Sudden force, major stroke
Old are out, new comes in

Coup d'Etat
Gimme a bomb
A molotov
It's a coup d'Etat!

Generalisimo sets up shop
Step outta line, neck's on the block
Armies marching through the streets
Dressed real sharp, dressed real neat

Coup d'Etat!
Coup d'Etat!

A push from the left and a shove from the right
It's all planned out, we'll do it tonight
First the president, then his wife
We'll hold 'em for ransom or we'll take their lives

Attack their embassy!
They are our enemies!

The president
