

Coup D'Etat

Circle Jerks

Coup d'Etat! Coup d'Etat!

Coup d'Etat

Coup d'Etat

Coup d'Etat

The government gets overthrown

Sudden force, major stroke

Old are out, new comes in

Coup d'Etat

Gimme a bomb

A molotov

It's a coup d'Etat!

Generalissimo sets up shop

Step outta line, neck's on the block

Armies marching through the streets

Dressed real sharp, dressed real neat

Coup d'Etat!

Coup d'Etat!

A push from the left and a shove from the right

It's all planned out, we'll do it tonight

First the president, then his wife

We'll hold 'em for ransom or we'll take their lives

Attack their embassy!

They are our enemies!

The president
