

I'm Leaving

Frankee

I should tell you before you go
That I really can't see living without you, no
It's illogical to me to be alone
I'd give everything I own
If it meant that you'd be waiting when I get home
'Cause the last thing I wanna hear is you sayin'
"I'm leavin'"
Are words I hope I never have to hear from you
I wanna be the reason you wanna stay
So promise you'll never say
"I'm leavin'"
Are words I hope I never have to hear from you
I wanna be the reason you wanna stay
So promise you'll never say, "I'm"
Believe in me when I say
I have a need to be near you every minute of the day
Can't imagine I would be this far gone
You see, I'm with you every step of the way
Oh totally, completely
Call me crazy, say I'm trippin, it's okay
Just as long as I don't hear you say
"I'm leavin'"
Are words I hope I never have to hear from you
I wanna be the reason you wanna stay
So promise you'll never say
"I'm leavin'"
Are words I hope I never have to hear from you
I wanna be the reason you wanna stay
So promise you'll never say, "I'm"
Because if you go I wouldn't know
How to pick up and start again
So if you do, I'll follow you
Through the snow, the wind, the sleet, the rain
I wouldn't accept you were leavin'
And never letting you go away
So I don't wanna hear you say
"I'm leavin'"
Are words I hope I never have to hear from you

I wanna be the reason you wanna stay
So promise you'll never say
"I'm leavin'"
Are words I hope I never have to hear from you
I wanna be the reason you wanna stay
So promise you'll never say
"I'm leavin'"
Are words I hope I never have to hear from you
I wanna be the reason you wanna stay
So promise you'll never say
"I'm leavin'"
Are words I hope I never have to hear from you
I wanna be the reason you wanna stay
So promise you'll never say, "I'm"
