Vivian Girls

Wussy

Your mystery house
Bringing me down
Footsteps behind when there's no one around
Black and white pearls
Vivian girls
Saving the day when our hero left townHeavenly hosts
Give up their ghosts
Sing you to sleep
As you travel downstreamYour secret is out
Burning the ground
Taking a leave with these sneakers you found
Make a big leap
Climb by the deep
Hiding inside when the man comes aroundHeavenly hosts
Give up their ghosts
Sing you to sleep
As you travel downstream
