Cold Ethyl

Alice Cooper

One thing I miss
Is Cold Ethyl and her skeleton kiss
We met last night
Making love by the refrigerator lightEthyl, Ethyl, let me squeeze you in my arms
Ethyl, Ethyl, come and freeze me with your charmsOne thing, no lie
Ethyl's frigid as an Eskimo pie
She's cool in bed
Well she oughta be 'coz Ethyl's deadEthyl, Ethyl, let me squeeze you in my arms
Ethyl, Ethyl, come and freeze me with your charmsCome on Cold Ethyl
Freeze me babe
That's cool
That's niceOne thing, it's true
Cold Ethyl, I am stuck on you
And everything is my way
Ethyl don't have much to sayEthyl Ethyl, let me squeeze you in my arms
Ethyl Ethyl, come and freeze me with your charmsCome here Cold Ethyl
What makes you so cold? Ooo so coldCold Ethyl
Cold Cold Ethyl
Cold Ethyl
Cold Cold EthylCold Ethyl
Cold Cold Ethyl
Cold Ethyl
Cold Cold EthylIf I live 'til ninety-seven
You'll still be waiting in refrigerator heaven
'Coz you're cool, you're ice
Cold Ethyl, you're my paradise
