

Make Me Yours Tonight (Instrumental)

Lara Fabian & Mustafa Ceceli

I never give up
Whatever seems so hard to get
I cross the line when something shines
And I know that if it's fake
I'll go back
Won't miss a chance Your deep blue eyes are the sea of love
I made up my mind to walk this wire
Flames ascending, beat around me
The way you touch sets me on fire Take me to another place
Hold me tight, I wanna hear your heart
Make me yours tonight
It's love
I feel all over me
Make me yours tonight Dark raging skies
When I think that you might just turn back
I look around and all I see
An oasis of love
Has found me Your deep blue eyes are the sea of love
I made up my mind to walk this wire
Flames ascending, beat around me
The way you touch sets me on fire Take me to another place
Hold me tight, I wanna hear your heart
Make me yours tonight
It's love
I feel all over me
Make me yours tonight
