

Pump It Back

Jodeci

Pump you
One, two, girl, what you wanna do?
Baby, pump me while I pump you
One, two, girl, what you wanna do?
Baby, pump me while I pump you
One, two, girl, what you wanna do?
Baby, pump me while I pump you
You and I together
Can work it from nine to five
'Cuz you know I'm with whatever
To keep you satisfied
Said I see you shakin' your body
And I know you ain't shy, sexy
And I all ask is one thing, girl
Is, baby, can you work with me
Can you pump it back, oh, to and fro
Can you pump it back, oh, so here we go
Can you pump it back, oh, to and fro
Can you pump it back, oh, girl, let your body roll
Now baby, all night long
You've been dancing close to me
And it's started feelin' so nice
And my body got all sweaty
Girl, I'm getting my keys to my car
I wanna take you home with me
And we'll be one on one, girl
Yes, pump, pump and I pump you
Can you pump it back, oh, to and fro
Can you pump it back, oh, so here we go
Can you pump it back, oh, to and fro
Can you pump it back, oh
Pump that body, pump that body
'Round and 'round, up and down
Baby, don't stop, 'cuz I feel right now
'Round and 'round, up and down
Baby, don't stop, let's make that sound
'Round and 'round, up and down
Baby, don't stop, 'cuz I feel right now
'Round and 'round, up and down

[illegible]

Baby, won't you pump it right now
Baby, won't you pump it right now
Baby, won't you pump it right now
